Your individual course certificate

Open, print or save your certificate as a PDF, and fix the name if it's wrong.

For: Individual learners · Updated October 28, 2026 · <https://hipaacertify.com/support/article/individual-certificate>

Get your certificate

1. Sign in with an access link. See [Get a sign-in link](#).
2. On **My Trainings**, under **Completed**, click [Download Certificate](#).
3. Click [Print Certificate](#). To save a PDF, choose **Save as PDF** as the printer.

The certificate shows your name, the course, **Date of Completion**, **Assessment Score**, **Valid Through** (one year later) and a **Certificate ID** that starts with `S0L0-`. Anyone can confirm it at hipaacertify.com/verify.

You can still open your certificate after your 90-day course access ends.

Wrong name?

The name comes from what you entered at checkout. [Contact support](#) with your certificate ID and the correct spelling.
