Invoiced and university plans

What the Billing page shows for invoiced, government and university accounts.

For: Administrators, Managers · Updated November 16, 2026 · https://hipaacertify.com/support/article/invoiced-and-university-plans

Some organizations, such as universities in our free program and organizations billed by invoice, don't pay by card in HIPAA Certify.

For these accounts, the **Billing** page shows **University Plan** or **Invoiced Plan** with **There is nothing to pay and no action needed on this page.**

- There's **no employee limit**. **Employee Limit** shows ∞.
- Every feature works, including assigning training, reports and exports.
- You won't see plan, card or receipt options.
